## HEDGING ON THE TARIFF.

Democrats Will Modify Their  
Bill.

THEY HAVE HEARD FROM THE PEOPLE

Wool, Lumber, and Salt not to  
Go On the Free List.

Hedging On the Tariff.

WASHINGTON, Nov. 10.—It is difficult to predict what effect the recent election will have on the tariff bill now being formulated by the Democratic majority of the Ways and Means committee. Chairman Wilson declares the passage of the very measure now needed to restore public confidence and replace the Democratic party on the pedestal of political supremacy, but many prominent men in the party do not agree with him and those who will counsel a moderation in the tariff revision proposition to put wool, lumber, iron ore, coal and salt on the free list will be opposed in some quarters and by strong men. It seems to be a growing desire on the part of these men for a caucus of the party to determine on best course to pursue before the bill is reported to congress. Bland of Missouri is credited with a determination to fight the bill if it places the articles mentioned on the free list. The committee expect to have the bill ready to report when congress meets.

A CRANK ESCAPES.

Calls for Fifty Thousand and is  
Well Armed.

CLEVELAND, Nov. 10.—A crank called at the office of M. T. Herrick, secretary and treasurer of the Security for Savings, this afternoon with a dynamite bomb in one hand and a revolver in the other, demanding \$50,000. Herrick knocked him down and grappled with him on the floor. While in this position the crank fired one shot at Herrick, the bullet passing through his coat. The fellow then jumped through a window and escaped.

He Robbed the Dead.

CHICAGO, Nov. 10.—William Gelskin was arrested, charged with robbing those killed in the Rock Island wreck. No valuables were found on him, but he was identified positively by two reputable citizens, who say they saw him removing valuables from the dead.

The Crew Saved.

NEW YORK, Nov. 10.—The steamer Seneca from Havana brought Capt. Hoffman and 56 survivors of the Steamer Alexandria already reported in these dispatches as burned at sea off Matanzas. Five of the ships crew and six colored stevedores were lost.

Into Receivers Hands.

DENVER, Nov. 10.—G. E. Randolph and C. S. Swetland have been appointed receivers of the Denver City Cable Company. Floating debt and mortgage liens aggregate nearly \$4,300,000.

Gets an Office.

WASHINGTON, Nov. 10.—The President today appointed Chas. D. Rogers of Sitka, Alaska, to be Clerk of the District Court for District of Alaska.

ESCAPED FROM SIBERIA.

Are They to Be Treated as Political  
Prisoners or Otherwise.

WASHINGTON, Nov. 10.—The case of the five escaped Siberian prisoners, mentioned in the San Francisco dispatches as being picked up at sea by an American vessel, has been officially brought to the attention of the treasury department here. There may be a nice question of international law involved. The Russian government, of course, regard the men as escaped convicts. Under our law ordinary convicts are debarred from landing, but political convicts are not. The question whether they will be treated as political prisoners, or otherwise, is now a subject of careful investigation.

## A HISTORICAL GATHERING.

An Important Proclamation Issued  
by Presbyterians.

CLEVELAND, Nov. 10.—The Presbyterian conference closed its sessions in the Calvary church and the conclusions reached make the gathering a historical one. The liberal gentlemen who composed the conference had taken a determined stand against their more Orthodox brethren and determined to fight for the rights in the church of their choice. The sessions were secret and no one seems to be authorized to talk. A committee appointed by the conference gave out the proclamation. The proclamation states that the ministers are being seriously concerned in view of certain facts and tendencies in the Presbyterian church, they make the statement that the general assembly has no right to impose on the church a new doctrinal statement and the interpretation of doctrine by the courts of the church ought always to be strictly within the standards and with sacred regard to the broad and generous terms of the reunion of 1870. The committee believes the most scrupulous care should be used in all trials for doctrinal divergences and with great concern in the expectations of our standards when strained beyond any just regard for compact of the reunion. No court of our church has the right to suppress any respectful action by the judicatories below it expressing apprehension concerning anything in the church. The right of petition and remonstrance must not be denied in the church of Christ. The committee continuing says: "We believe it is no part of the constitutional power of any court of the church to warn honest and God-fearing men to withdraw from the ministry because they do not accept the interpretation of the doctrines which is outside of a letter of confession and which never has been settled by sanction of the Presbyteries in a legal way." The committee believes the church is broad and strong enough to abide by the spirit of compact reunion and to embrace all forms and schools which accept the essential and necessary articles of our common faith, acknowledging the Lord Jesus as the Divine Master and Savior and the bible as the only infallible rule. The proclamation calls upon the Presbyterians to stand together in defense of a reasonable liberty of opinion in the church and of constitutional rights of the individual members.

Overdue Ocean Steamers.

SAN FRANCISCO, Nov. 10.—The overdue steamers Umatilla, from Puget Sound and the Oregon from Astoria and Portland, arrived last evening after an exceptionally rough passage. The Umatilla experienced a very heavy gale Tuesday afternoon off the southern coast of Oregon, during which a part of the rail was stove in on the starboard side. This is the only damage done to either steamer.

One of the Umatilla's passengers committed suicide during the voyage, Harry Innis, formerly a clerk in the bank of British Columbia at Seattle, who was coming to this city where his parents live, to accept a position in an other bank, became crazed through sickness during the heavy gale and plunged overboard. The young man also labored under the hallucination that he was to be arrested upon his arrival here for failure to pay a few trifling bills in Seattle and his fears could not be quieted. Though carefully watched by his cabin mate, Innis managed to get out upon the deck alone. His cabin mate followed him out a minute later but the young man was nowhere to be found. No one saw him go overboard. The body was not recovered.

ON TRIAL FOR HIS LIFE.

John Meers to Answer for the Murder of John O'Connor.

NEW WESTMINSTER, B. C., Nov. 10.—The trial of John Meers, alias Kennedy, alias Jack Meyers, for the murder of John O'Connor, June 24th last, has commenced. Meers is a desperado well known all through the West. He boasts of various deeds in Texas, and has figured prominently in the Pacific Northwest. Early this year he committed a daring robbery in Snohomish, Wash., was arrested twice and twice jail each time. After his last escape he stole a boom of logs, sold it for \$900 and came to British Columbia. His first escape here was the robbery of a wholesale liquor store in Vancouver, from which he stole enough valuable wares and liquors to load a sloop, with which he started north. He stopped at O'Connor's lumber camp, and after two days' drinking quarreled with O'Connor over a dog and killed him. Though closely pursued, he kept the officers at bay for three weeks, and finally, when surrounded and starving, he surrendered. His trial creates the greatest interest.

## NEWS IN FOREIGN FIELDS.

Rebels Again Bombarding Rio  
Janeiro

MARSEILLES UNDER MILITARY RULE.

Firing Upon the American Flag  
Regretted.

NEW YORK, Nov. 10.—The Herald's Montevideo dispatch from Rio Janeiro says:

"The Aquidaban, Mello's flagship, and Fort Villegagnon, which is occupied by forces who are co-operating with the rebel admiral, began a vigorous bombardment of the city on Tuesday evening, which is still being continued. Considerable damage has been done in various quarters of the city. The forts Santa Cruz and Lage are answering the fire of the ships and of Fort Villegagnon. The cannonading is very heavy and it is thought Mello, who received word of Peixoto's purchase of vessels of war in New York, is making a determined effort to strike a decisive blow before they can be brought down to the president. The province of Santa Catharina, the capital of which is Desterro, where the rebels have set up a provisional government, has been invaded by federal troops from the province of Rio Grande do Sul. General Argolas, with a body of insurgents, have gone to meet them, and a fight will probably take place between the forces before long."

TEGULGALPA, Nov. 10.—Colonel Villala has been summoned here by order of President Vasquez, to give an account of his conduct in demanding the delivery of Bonilla from the Pacific mail steamer, flying the American flag. The government does not sustain his action.

The Marseilles Strikers.

MARSEILLES, Nov. 10.—Horse cars are running under military protection. Hussars and mounted gendarmes patrol the whole city at intervals of 60 yards. The company claim 400,000 francs damages of the city for injury to its business during the riots. An outrage committed by a sympathizer with the strikers last evening came near ending in a lynching. A petard placed on the street-car rails exploded, but slight damage was done, but the man who put the explosive on the track was detected and the crowd made a rush for him. The miscreant was finally captured by the police. The crowd tried to get hold of him, but were prevented by the arrival of reinforcements of police.

Firing on Our Flag.

LA LIBERTAD, Honduras, Nov. 10.—The firing upon the American flag by the commander of the port of Amaha on Monday is deeply regretted by the whole population. It was all done by President Vasquez' direct orders, such was his keenness to get hold of his old enemy, Policarpo Bonilla, who was on the Costa Rica, but he now throws the entire blame on the commander of the port, Vallia. The steamer City of Panama, for whose safety fears were entertained because the fire was continued some time after the Costa Rica had left her in port, it is reported to be safe twelve Krupp shells burst near her during the firing from the fort. Her captain has made a protest to the authorities. United States Minister Baker, who was on board the Costa Rica at the time, has gone to Acapulco, in order that he may meet P. M. B. Young, United States minister to Guatemala and Honduras, who is on board the United States warship Alliance. They will there discuss the affair.

Not Recognized.

WASHINGTON, Nov. 10.—Minister Thompson at Rio Janeiro has been instructed to inform admiral Mello the insurgent leader, that in the opinion of the United States government he is not entitled to recognition as a belligerent, adding the position of the United States is that of an impartial observer.

Natives of India May Revolt.

CALCUTTA, Nov. 10.—It is the general opinion the natives of India are growing restive under British rule, and it is believed it will take only a small spark to kindle the fire of a revolution that will be far reaching in its consequences. There recently occurred at Peshawar, the capital of the district of the same name in Punjab, a series of alleged incendiary fires which resulted in a great loss of military stores. Peshawar is on the Afghan frontier, and an important strategic point. Rumors are current to the effect that attempts were made at Rawalpindi, another important point, to fire the government stores.

ABSOLUTELY PURE

Lord Mayor of London.

LONDON, Nov. 10.—Alderman George Robert Tyler, new lord mayor, was inducted into office with the usual ceremonies, including the customary lord mayor's parade, which was witnessed by tens of thousands of people. The parade was not well received by a large number of unemployed workmen, they evidently believing the largess spent on it might better have been used to relieve their distress and that existing in the coal regions, and some of the more audacious even went so far as to him as the parade passed, though it was promptly suppressed by the police.

The Santander Disaster.

SANTANDER, Nov. 10.—Divers state that 600 cases of dynamite yet remain in the wreck of the steamer Cabo Michell, the explosion on board of which wrought such fearful destruction of life and property on Friday last. People living near the water front, fearing an other explosion, are abandoning their homes and seeking residences at a safe distance from the point of danger. Experts do not, however, believe such a quantity of dynamite could withstand the shock of the last explosion. Deaths among the wounded of the last explosion are reported daily.

Pittsburg Anarchists Arrested.

PITTSBURG, Nov. 10.—Frank Bronk and Charles Fenchner, two anarchists, were arrested in Allegheny, for distributing incendiary circulars of a meeting of the International Working People's Association at Lafayette hall, this city, November 11, the date of the execution of the Chicago anarchists.

## JUDGE LOCHREN'S DEFENSE

In Suspending Pensions With-  
out Hearing.

CARTER HARRISON'S WILL FILED.

He Died Nearly a Millionaire—  
and Remembers the Poor—  
Lochren's Defense.

WASHINGTON, Nov. 10.—Commissioner of Pensions Lochren, this morning filed his answer in the suit by Judge Chas. D. Long, of Michigan, begun because Lochren declares his pension suspended because it had been unlawfully increased. Judge Lochren declares it has been the practice of the department to suspend pensions, since Secretary of War John C. Calhoun was in charge of pensions. He did so in 1879. That Secretary Chandler did so in 1875, and since that time regulations have been enforced in the department regarding this matter.

Harrison's Will.

CHICAGO, Nov. 10.—The will of the late Carter Harrison was filed in probate court. It bequeathes property valued at \$950,000 to be divided between his four children after two years.

Among other minor bequests he gives \$10,000 for a permanent investment for charity, to be decided on by his executors.

NORTHWEST NEWS NOTES.
